

At Premiere Financial Consultants, we understand the time constraints imposed on you – the busy entrepreneur or small business owner. We know how easy it is to get wrapped up in the day-to-day operations, and therefore lose the perspective that comes with taking a step back to analyze your current financial position and provide adequate planning.

Effective decision making commands timely and accurate financial reporting and analysis, and we provide a complete outsourced solution to the financial reporting requirements of closely held business. We outsource your entire finance and accounting functions, from the Chief Financial Officer and the Controller down through the day-to-day clerical functions, freeing the business owner to focus on the needs of their customers. The scope of each engagement is tailored to suit each client's specific needs.

The CFO uses financial expertise and in-depth analysis to add value to a business's future planning process.

SPECIFIC CFO FUNCTIONS WE CAN PROVIDE INCLUDE:

- ▶ *Valuation-Based Consulting*
- ▶ *Management Reporting & Controls*
- ▶ *Financial Support to the Strategic Planning Team*
- ▶ *Budgeting Controls*
- ▶ *Financing Structure*
- ▶ *Pricing Analysis*
- ▶ *Cash Management Services*

The Controller assures that historical financial information is prepared accurately and in a timely manner.

SPECIFIC CONTROLLER FUNCTIONS INCLUDE:

- ▶ *Financial Statement Preparation*
- ▶ *Analysis of Historical Financial Information*
- ▶ *Key Account Reconciliations*

There are situations where it can be more efficient for us to handle your day-to-day clerical work (write checks, invoice customers, etc) in-house in conjunction with other work, allowing your time to be spent on the mission-critical functions required to meet your goals.

We will meet with you and your management team regularly, facilitating a dialogue that analyzes your financial goals and history. In order to provide increased efficiencies for you, we have made all deliverables available on a secure private portal of our website allowing you 24/7 access to critical information.
